“ My mother, my role model, and my best friend! My mother was the most amazing women I have ever met in my entire life. That's not just because she was my mother she was truly an inspiration. She over came so much in her life. One of my favorite memories is when she would tell us stories of her life growing up. She had a very hard life and childhood. She went through many things but not one time did I ever hear her complain. She always gave God praise for what she did have. Whether it was a bag of pinto beans or a steak she was always grateful. My father and mother were married for almost 50 years when he passed away and her love for my father was unconditional. She waited on my dad hand and foot and always treated him like her baby. My dad provided for us 7 kids every single day of his life. While my mother was at hike caring for us and nurturing us. She taught us about jesus and she was a true example of Gods love for us. I'm going to miss her 😞 life is already very lonely without her. But when I look up to the sky I know close my eyes and imagine my mother, my father, my son, my brothers, my nephew all up there together watching and waiting for the day we will be reunited again. I love you Mommy and Daddy I don't say goodbye I say see you later

“ My mom was the most sweetest and most spiritual woman I have ever known. She was my role model and to this day and every day for the rest of my life I will try to be more like her. She was a peacemaker and through the god given talent that she had she touched the lives of whomever she came in contact with. She will always be missed and remembered daily. Her warmth and light will live on in all of us that had the opportunity to know her. I love you mommy my little sweetie babe.
