“ I first met Donna at Quigley's as she was my sister's friend. Her humor was awesome and she always had something to say. She will be missed and not forgotten.

“ You were not only my moms friend but you were mine also I loved all the birthdays I got to spend with you up at quigleys. I remember my 21st birthday like it was yesterday. You also came to my graduation and I'm glad my children could meet you also. You were such a kind hearted person and you did anything and everything for people. May you rest in paradise and we will see you on the other side love you Donna!

“ The world has lost a true and kind soul. Donna was an inspiration for kindness in world that needs more. She was funny too. I hope she's enjoying her place in heaven.

“ One nice evening Donna and me and two others friends were enjoying the scenery and a bottle of wine at Donna's favorite winery, Debonne's. Donna left us for awhile, which wasn't unusual because she knew so many people every where, but when she came back, she had a gift for each of us from the gift shop, just because. Because she was always that kind, thoughtful and generous. Her kind heart is going to be missed by so many. So long my sweet friend, I will keep you in my heart until we meet again.

“ Donna has been my friend since she was 14 and Nan's neighbor. Whether bartending at Quigleys, hanging out, eating out, talking hours on the phone, Erie Casino, at Chris Warren's, at Nan and Dante's doing garage karaoke and our many shared holidays, I have nothing but wonderful memories. She is a true friend, awesome good heart, major supporters of those in need. I will forever have a hole in my life. Donna I hope we meet up and wherever you are continue being good "Trouble." Love and sympathy to Barry and her army of friends.

“ Donna and I worked at Nassiefs for many years together. She was a lot of fun and a hard worker. A void has been left in my life but I will remember her laugh, kindness and smile the rest of my life! We remained in contact after we both left.. I will miss those random calls and texts! I am sure her mom and many that have gone before were there to welcome her with open arms!! God bless her family and I pray they find peace! Miss and love you girl!! Always Sandy
