

Robert Bobik

September 8, 1961 - December 28, 2021

Robert (Bob) Bobik; age 60. Cherished father of Steven (wife Nikki) Siket, Samantha and John (J.T.) Bobik. Beloved son of Donna and Richard (dec'd) Bobik, much loved brother of David (wife Cathy) Bobik and Lori (husband Lyn) Hoffman. Passed away unexpectedly December 28, 2021. A Celebration of Life will be held in the Cleveland MetroParks on a date to be arranged in June of 2022. Donations can be made on behalf of Sam & JT c/o CommStar Credit Union, Robert Bobik Memorial Fund, 832 Cleveland Street, Elyria, Ohio 44035.

Bob was a 25-year employee of the Cleveland Public Library in IT. He was also an avid mountain biker, a hobby that started out of necessity. As a result of his passion for riding, he met and rode with various groups throughout the Cleveland and Akron area, creating wonderful friendships along the way. Also an avid music lover, he supported local talent as much as possible, and along with his sister, brother-in-law and a select group of friends, followed Michael Stanley and his respective bands for 25+ years.

Above all, as a single father, he was Super Dad – he was beyond proud of his children. Whether it was road trips to go to restaurants featured on Diners, Drive-Ins and Dives, the Columbus Zoo, or cross-country, it didn't matter, it was all about his children.

A very special thanks to the Ferry Family as well as the Elmwood Avenue neighborhood.

Comments

“ Bob was one of the few people who seemed to enjoy their commute to work every morning, even though his was the hardest of all of us in the office, and always had a good story about the morning’s adventure. His enthusiasm for bicycling was an inspiration to me and got me cycling again (if only occasionally). As much as he loved cycling, he loved his family and friends more. He was a fun person to be around, and we miss him.

“ I met Bob while parking for a ride. He was friendly and we hit it off. He ended up riding in both Canton and Akron and was always a bonus to any ride. His love and dedication to his kids and family were obvious and i send my condolences to them all.

“ I admired Robert’s attention to detail. He often spoke lovingly and fondly of his family and with pride. He was always ready to lend a hand. Robert’s grit and dedication to all-weather cycling was second to none.

“ Bob was a born storyteller, and I especially enjoyed listening to him talk about his exploits on the bike (even his spills - which he always related vividly and humbly :-). I realize I probably shouldn't have done that, but...). He was consistently upbeat, quick with a joke, and was also always helpful and knowledgeable when it came to technical assistance at the library. His positive attitude, friendly manner, and expertise will be sorely missed. My sincerest condolences to his family!

“ Where to begin... my heart & head are still sorting this one out. I, like many, may never quite understand losing you, but will tell you - Bob - you are a great dad with awesome kids and will be sorely missed by many.

As they say, "time flies". It truly does for us, about 15 years of wonderful memories of our kids growing up together - Indians games, July 4th fireworks, endless cookouts, live music, kicking my ass in biking, kicking your ass in cornhole, Elmwood gatherings, the list goes on... Wouldn't trade it for the world.

You are an incredible friend and will cherish the time we had with you. May you rest in peace. Sincere condolences to the Bobik family.. We will always be there for you.

“ Bobik was a great person and the Library was very fortunate to have him for as long they did. I worked alongside him (actually across cubicles) for 10 years in the basement until I moved upstairs, but have always remained a member of the Automation family sharing so many stories and memories. May you rest in peace; you will be missed.

Wishing your family peace and strength during this difficult time.

“ Rest easy, Robert. It was a pleasure working with you my entire 20 years at CPL, and being nextdoor cube neighbors for most of that time. We had many interesting conversations, as long as politics stayed out of it. Your family and us, your coworkers, were lucky to have a guy as selfless and as helpful as you.
